ISIS Not Coming, But the Ice's Are

2/23/2015 @ 4:59 PM  
 By Bruce Kropp, WJBD News

The Marion County Sheriff's Department was able to put to rest concerns of a Salem woman who received a phone message on Sunday indicating the ISIS were coming.

The complainant said a man had left a message for her stating he had spoke to ISIS and ISIS said they were coming. The woman was able to give the phone number where the call was made to the sheriff's department. They called the number. The man confirmed he had in fact called the lady. However, he said he was referring to the Ice's, as in Retired Minister Michael Ice, who he was trying to get to come to church.

At that point the deputy handling the case said that the whole situation was a misunderstanding and closed the case.
