

Thomas Cusack, Torben Iversen, and Philipp Rehm (2006): "Risks at Work: The Demand and Supply Sides of Government Redistribution", in: Oxford Review of Economic Policy 22 (3): 365-389.

Figure 5 (p. 378) in the article is incorrect.
Here is the correct version:

Figure 5:
Changes in Subjective Job Insecurity as a Function of Changes in Occupational Unemployment Rates, Skill Specificity, Income

The underlying data for this Figure are as follows:

	OUR	SS	Income
Min -> Max	0.10	0.05	0.09
p10 -> p90	0.07	0.03	0.08
p20 -> p80	0.04	0.02	0.06

In the published Figure, the axis-labels are unfortunately exchanged.
